As I such care given as will insure excellent Youth's Companion. glance along the coast at my right practicable, milking should be done by

The Work of Writing a Book.

glance along the coast at my right over the great ledge—"Gulls' Rocks" by name, and on, over the stretch of splendid beach, backed by graduated and scolloped sand dunes, crowned with green grass, to Watch Hill, it is the winter months. I have exercised the right of changing my mind on that sub-larged to heliave that it is more than a larged to heliave that it is more than a larged to changing my mind on that sub-larged to heliave that it is more than a larged to changing my mind on that sub-larged to heliave that it is more than a larged to changing my mind on that sub-larged to heliave that it is more than a larged to changing my mind on that sub-larged to changing my mind on that sub-larged to changing my mind on that sub-larged to constitute the strength of the first word.

The work of Writing a Book.

Dumas once said that it was the easi-larged that it w to "The Hill.". This can be done in from that source. Immediate straining many white soaps, about an hour and three quarters, will remore impurities which otherwise leaving a long day to be spent where might be dissolved, to the permanent inthe fashionables most do congregate. Jury of the whole product.—Orange Juid represented to be It was a pleasure to watch the party set out. Fashion is so much more The June Rug Rampant. There was not a heavy dress nor a skirt that touched the ground. Most

skirt that touched the ground. Most of the girls wore the knitted or light which occurred one night on the Central railroad of New Jersey. The milk train was carrying two passenger coaches be hind the milk cars, and as the night the peculiar. The different colored funics and the was warm the half dozen passengers the charming toques so becoming to all aboard had the windows all raised and remarkable faces and especially to the fresh and The train had been standing on a side qualities of piquant, make a pretty sight. Just track a few minutes when a swarm of at this point I feel compelled to point a moral. A very serious accident occurred here a few days ago by a young lady's neglecting to sew the braid on the bottom of her skirt with strong stitches. She caught her toe in the rip and fell on her knee. She will not be able to waik for weeks. It think a needle and strong thread are much safer for this purpose than a bugs, attracted by the car the genuine.

a moral. A very section excellent in the present of the present with the bags, and they tong lady's neglecting to see that the bags and they tong the present with the bags, and they tong the present with the present of the day to the present with the present of the tong the present with the present of the tong the present with the present of the day to the present with the present of the tong the present with the present of the present with the present of the tong the present with the present of the present of the present with th

nature. Last summer the sky did nothing but weep and scold, and old Neptune got so used to manufacturing fog that he couldn't stop. Folks that were not blown to tathers were mildewed. This summer the sum has a habit of showing a red and cheerful countenance both at the rising and the setting, and only now and then is there the slightest suspicion of a mist about the horizon.

"No one within speaking distance," I wrote a few moments ago. The scene has changed. By a little effort I could now raise my voice sufficient by to reach the ears of Mr. Edward Bellamy, who stands on a rock a few rods to my right, looking forward quite like other men. He is evident by absorbed in the beauty of the morning, and his whole attitude bespeaks a devout thankfolpess that he has at last reached a spot where nationalism and reform clutes are unknown. I simply say that Mr. Bellamy looks as if he were glad to be rid of serious subjects. He has certainly never told one so, and seriou though I am.

if he were glad to be rid of serious the baboon of the gray ape. subjects. He has certainly never told me so, and scribe though I am, I would throw my pen into the fife and bite my tongue till it, blad before I who stood before the pointed to a dude. bite my tongue till it bled before I who stood before the cage. would remind him of past pow wows.

It seems to me an awful responsibility to have to live up to a book like Basar.

Who, said the baboon; "but the species may have deteriorated."—Harper's Fine Teas, Coffees and Spices,

"Looking Backward," and I have no doubt that this author feels it most Of health and strength renewed and of case keenly.
